

## The Highest Quality Delivered On-Time, Every Time!

### Industrial/OEM Replacement Parts

Our components can be found in extrusion, valve trim, galvanizing pot gear, pumps, conveyors, hammer mills and many other types of process equipment.

---

### Alloys

We specialize in the pouring, machining and welding of alloys in the cobalt, nickel, stainless steel and duplex families. (See website for complete list of alloys.)

---

**Small to Large,  
Simple to Complicated.**  
We manufacture parts,  
In the **USA!**

### Company

Fully integrated:

- Engineering
- Foundry
- Pattern Mold Shop
- Heat Treat
- CNC/Manual Machining
- Weld Shop (mig/tig/PTA)
- EDM

---

### Industries Served

- Polymer / Elastomer
- Plastics
- Chemical
- Valve
- Oil & Gas
- Rubber
- Galvanized Steel
- Machining
- Aerospace/Aviation
- Power Generation
- Material Handling
